

Letter of intent – ESA Moon Challenge

Team name: _____

With this letter, the abovementioned team submits a request for participation in the ESA Moon Challenge (<http://esamoonchallenge.spaceflight.esa.int>). The team comprises of University students from at least two continents (i.e. the location of a student’s current academic activity), and the members are defined below.

By sending in this letter, participants agree that ESA may publish the submission on its website, together with the submissions of other participants, following the closure of the deadline. Participants declare that, apart from the copyright attached to their submissions, no further intellectual property rights exist in any element of the submission (concerning especially ideas, designs and technical solutions) that would restrict their use in ESA’s future activities.

Using this template, we request two attachments to your email.

1. An electronically completed form, excluding signatures
2. A scan of the form, including the original signature per team member

Please send your letter of intent to ESAMoonChallenge@esa.int, by October 7 2015.
